

**Think a UK university
is out of reach?**

**Here's a
helping
hand!**

University of
Northampton

A UK university is within your reach!

At UNIC, we'll give you a helping hand to become a successful student at the University of Northampton. We offer a study pathway for students who are seeking a UK degree, yet currently do not qualify for direct entry to their preferred undergraduate or postgraduate programme. As a UNIC student, you will receive extra support and a more personalised learning experience to help you transition to university and achieve your goal of being a UoN graduate.

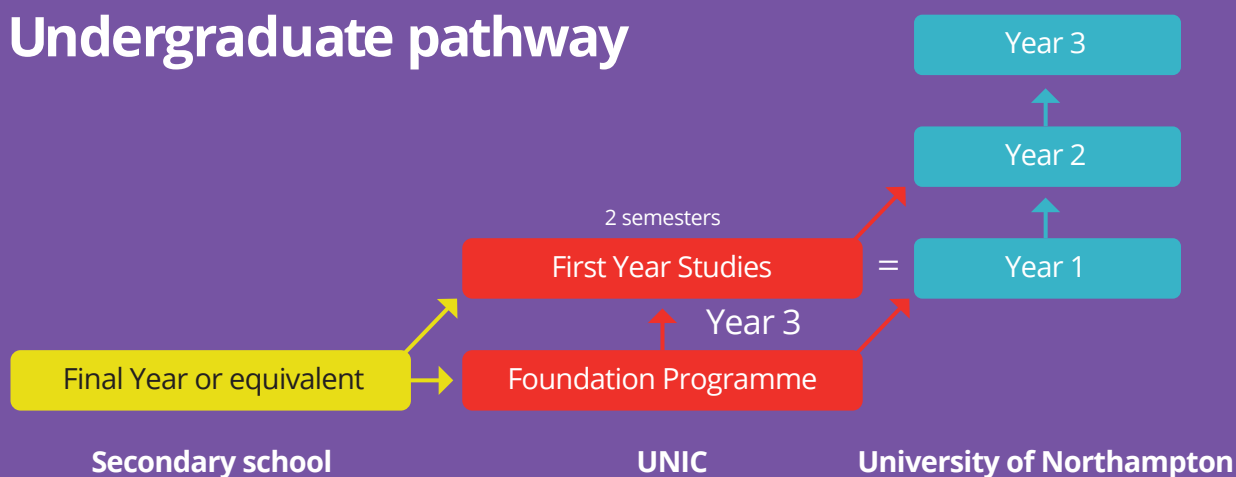

From your first day at UNIC, you will be recognised as a UoN student. You will have access to all of the services, sports facilities, 24 hr library, plus lots of clubs and societies.

Everything you need is on one self-contained campus, including guaranteed accommodation. On successful completion of your pathway programme you will be guaranteed entry to the University of Northampton, and the best thing is you're already there!

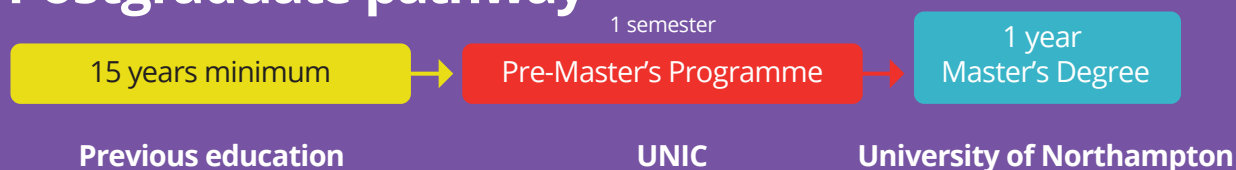

Benefits

- Full University of Northampton access
- Smaller class sizes
- Personalised learning – extra support from our own team of academics
- All Foundation and Pre-Master's modules taught in the College
- Flexible entry options – join in September, January or May
- Full-time Student Services Team just for UNIC students
- Accommodation situated directly opposite the College.
