10 reasons to study at the University of Northampton

With countless universities and study destinations to choose from, why should you choose UoN for your study adventure?

1. Lower living cost

Enjoy all the perks of living near to renowned cities such as Cambridge, Oxford and London, but without the high living cost. Rent prices are over 60% lower in Northampton than in London*, so that's more money in your pocket for exploring!

2. Free course resources

All your course books are available in the on-campus library, meaning there's no extra cost to you, and the University funds all travel and accommodation costs for compulsory study trips. We want you to experience the world, on us!

3. Free clubs and societies

Studying is important, but so is having fun. In support of this, the University of Northampton offers all sports, clubs and societies free of charge through the Students' Union – including the sports kits!

4. Work opportunities

Many of the University's degrees offer work-based learning – so as part of your degree, you could go out on placement, work on live client briefs, do an internship or get paid work. And if you'd like a job with flexible working hours to fit around your classes, you can also sign up with the in-house recruitment agency.

5. The UK's first Changemaker Campus

As a Changemaker Campus and leader in social innovation, the University boasts an extensive network of relationships with community organisations. So, through your work experience, you could be contributing to core Changemaker goals, such as helping Northamptonshire become the leading county in the UK for health and wellbeing!

6. Enterprise Boost

Are you interested in setting up a business or social enterprise? The University's Enterprise Boost provides a full range of support and training, including various routes for funding. The initiative also offers one-to-one advice from an experienced business professional.

7. Career support for life

As well as the wide range of employment opportunities available during your studies, all students benefit from lifelong access to the University's careers service – so if you ever need help with your CV or an interview after graduating, you will be supported!

8. Flexible entry points

A wide range of undergraduate and postgraduate degrees are accessible via flexible entry points at the University of Northampton International College (UNIC).

9. Flat fees

To keep it simple, UNIC's pathway programmes follow a 'flat fee' structure. For example, every Pre-Master's programme – whatever the subject – is priced at £7,300.

10. Save 30% through an International Scholarship

As well as a simplified fee structure, UNIC also offers you the opportunity to save up to 30% on your annual course fees with an International Scholarship from the University. Achieve a high academic threshold and good attendance, and you will be rewarded!

"Within just a couple of minutes of arriving at UNIC, I was given a chance to mingle with people from all different countries and cultures and that was great; we instantly became like a family. Northampton is one of the most beautifully rural and convenient places I've ever been to. It has beautiful open spaces, but the town has everything you need and is full of shops and restaurants to suit every taste. Coming to UNIC at the University of Northampton has honestly been one of the best decisions I have ever made. I feel delighted and happy to be here. The opportunities are endless."
